General Comments

Upon my arrival I was screened by staff. It appears that the center is following the COVID guidelines well. Planning with the curriculum is evident and children's work is displayed in each room. Cleaning is completed regularly throughout the center, and there are sufficient materials in each room for the children to play with. The center is currently in the process of setting up a small skating rink in the yard for the children to use this winter in order to facilitate more outdoor activities. The program appears to be running smoothly.
