| Order for Compliance | Regulation | Date to be corrected | Date corrected |

General Comments

Younger school age children were at the rink skating during visit.

Educators are using learning stories to document children's activities and learning. Educator stated that they are spending much more time outside due to the nice weather. Educators are following the lead of the children as to what they choose to do outside.

Licensing staff discussed with Operator, the recommendation to implement more learning centres for this age group. Please reference page 157, Appendix 24 of the Operator's manual to do this.

Ground is still frozen. School age outdoor play space to be inspected as soon as it unthaws. Surfacing around play structures will be measured to ensure it meets 30 cm.
