### General Comments

- Visit done at the facility in the morning for a monitoring inspection.
- Ratio was maintained during the visit.
- During the visit the facility used positive child guidance.
- Toxic products are locked and stored out of reach of the children.
- Incident reports are completed with all pertinent information.
- Observations:  
The children were in the pool upon arrival.  
The after schooler's were playing table games with the educator.
- Discussion with the director and the educator concerning the pool.
