### General Comments

- Visit completed at the establishment in the morning for a monitoring inspection.
- The ratio was respected during the visit.
- Positive child guidance was witnessed during the visit.
- During the visit 15 children's files were verified. Two children's files were missing two emergency contacts.
- Signed consent forms are maintained in the child's files.
- The daily activities are purposely planned and documented and responds to the needs and interest of each child.
- Outdoor play occurs daily for one hour in each four-hour block of time. Rest periods do not exceed two consecutive hours.
- In the preschool room photos and learning stories were posted.
- Observations: When I arrived at the facility the children were at the park. The after schoolers and preschool children participated in a bubble activity during the visit.

After schooler's group: A group of children were playing cards, some children were drawing, others were constructing with blocks.

Preschool group: Handwashing and free play. Educator facilitates children's learning by engaging in play and discussing with the children.

Upon my departure the children were having lunch.

- Discussion with the administrator concerning outings and excursions that take place off the premises, parent handbook, licensing renewal, documentation of the activities, and child's file. I recommend that the child's file be reviewed.
