## General Comments

Visit to the facility to complete annual inspection. Ratio was respected during visit.

Discussion with operator: An educator who does not have a valid First Aid and CPR certification cannot be left alone with children until proof of certification is received.

Observations: Upon arrival preschool aged children were in the pool. After the pool, the kids got changed and read a story and then had lunch and nap time. Various types of documentation are present in each room that display the children's interests and what they are learning.
