<p>General Comments</p> <ul style="list-style-type: none"> - Visit completed at the facility before lunch for a monitoring inspection. - During the visit ratio was respected. - Positive child guidance was witnessed. - The consent forms are signed in the children's files. 20 out of 41 files were verified during the visit. The child's files contain all required documentation. - A daily incident log is maintained. Parent is advised of incidents and signs the daily log. - Personal belongings are labelled with the child's name. Easily accessible and stored separately for each child. - Observations: During the visit the children were playing outside. The children came in from outside, washed their hands, ate their lunch and participated in free play. During free play the children played with table games, created art and played with the kitchenette. Parent arrival, diaper changing, and naptime were also witnessed. The educators sang songs with the children during transitions. - Discussion with the educators on documentation and planification. The educators presented their learning stories to me. The afterschool educator who is not 19 years old may not be alone with a group of children, open or close the facility. The educator who has not completed their CPR training will complete the training before June 2025. The certificate will be sent to the mentor.
