General Comments
<p>Visit to facility to complete renewal inspection. Ratio was respected at the time of visit.</p> <p>Discussion was had with educators and administrator regarding the storage of EpiPen. EpiPens are the only medication that can be easily accessible to staff members and are not required to be locked, however they are not accessible to children.</p> <p>During my visit I observed the children go outside in the morning, freely playing indoors, participating in a planned activity, hand washing, lunch time and nap time. Children stayed indoors in the afternoon due to the high temperatures outside.</p>
