General Comments

their children to the center

- The administrator and educators have a valid first aid certificate and a valid CPR certificate
- More than 50% of staff have their ECE or the equivalent
- One staff member is into her 90 hours (Introduction to Early Childhood).
- The lock on storage door in the junior toddler room will be changed by the end of the day

Observations: When arriving at the center some children were outside while others were in working on projects. In all rooms, evidence of purposeful planning based on children's interest and learning, webbing, invitation, photos and learning stories were posted. During the visit I could hear singing and I could see children singing along and participating by doing all the movements. All children had lunch and the youngest one got ready for a nap, while the others transitioned into a quiet time.
