Order for Compliance	Regulation	Date to be corrected	Date corrected
----------------------	------------	----------------------	----------------

General Comments -Early-morning visit to the establishment for an unexpected monitoring inspection -Ratio was respected during the visit -All staff records contain required checks and documentation -Minor incident reports are maintained in the child's file -Major incident report forms are kept in the children's files and signed by the parent. The incident form is sent to the Department within 24 hours following the incident and a copy is given to the parent. -Daily activities into the center shows purposely planned and documented programming that gives children, time, and space for a free play experience, indoor and outdoor opportunities for physical activity either individually or in a group. Children have opportunities to explore various forms of literacy and to express creativity and interests, to explore the arts and sciences and to experience accomplishment and success. They have opportunities to problem solve and to develop trusting, respectful and supportive relationships. -In all rooms, evidence of purposeful planning based on children's interest and learning, webbing, invitation, photos and learning stories were posted. -Daily routine into the center includes; Outdoor play time at least once every 4-hour blocks time when the weather is permitting. Meal and snacks are served at the recognized hours and a daily rest period that meets the children's needs. -In the middle room, there were two invitations to play set on a table, kids were invited to match the shapes and- or to find their names -During the visit, it was observed that all educators are engaged with children at their level providing support and having conversations. Open-end questions are asked and guidance is given in a respectful and kind way -Diaper changing station is found in two washrooms and the third one is into the infant room; individual space is provided for diapers and changing necessities. The changing table is equipped with a safety strap and covered with a non-absorbent layer, it is separated from the food preparation and is located one meter or less from a sink and children are always supervised during diaper changing. -Infants are always supervised when eating or drinking -Infant bottles are stored with a cover in the refrigerator, labeled with the child's name and only used for the intended child -Allergy information on any child is posted in the food preparation area
--

General Comments

-Drinking water is provided throughout the day

Observations: When arriving at the center the infants the three-and-four-year-old room were playing outside. The two's finished their snack and went outside also.
