General Comments

Monitoring Inspection:

Children and educators were observed engaged in a variety of activities this morning/afternoon including open ended art, dramatic play, building with Magnatiles, gross motor games and stories. Each preschool group spent an hour outdoors this morning. The children in the Two/Threes Room were observed reading the book "Brown Bear, Brown Bear" with their educator; the children were taking turns finding the felt animals that match the book. The children in the Three/Fours Room were observed exploring the dramatic play area that has been turned into a "Hair Salon".

The indoor play areas are set up with a variety of materials and invitations for the children to explore freely. Documentation within the preschool rooms has become outdated - ensure documentation reflects the current interests and learning experiences of the children.

After-School Program - Gym - Afternoon:

The team of staff worked together to set-up the gym environment in a way that invites children to engage in a variety of different activities. Educators were observed welcoming the children to the program as they arrived from school. The relief educator who was filling in today took the time to introduce themselves to each child and ensure that they were aware of each child's name.

Homemade pizza was served for lunch.
Handwashing routines were observed after outdoor play, before mealtimes, during washroom routines and at arrival from school.
Monthly fire drills are documented.
Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
New staff file (6) review was completed; all required documents were observed, however; many documents were not easily accessible at the time of inspection. Ensure all permanent staff have a complete file on site and

General Comments
that relief staff have their files easily accessible. Facility is currently meeting the 50% trained Early Childhood Educators (3/4) requirement. Change Service Application to be submitted to QA Monitor for the change in Administrator.
