Order for Compliance	Regulation	Date to be corrected	Date corrected
----------------------	------------	----------------------	----------------

General Comments When licensing staff arrived, school age children were on the playground. The outdoor space provides lots of opportunities for play and children were viewed playing ball games, in the sandbox, eating snacks, playing on the play structure, and sitting eating snacks. Educators moved around the space talking with children and completing 15-minute checks of attendance. It was noted the sand in the sandbox needs to be replenished and the administrator has already ordered new sand and is also working with facility management to address the need for a more permanent cover. Staff at the facility completes regular daily checks of the outdoor area to ensure the safety of children at play.
