<p>General Comments</p> <p>The operator screened licensing staff for Covid-19 symptoms, signed in and checked licensing staff's temperature upon arrival at the centre.</p> <p>There were two bubble groupings today. One for the older school-age children and one for the younger school-age children.</p> <p>While observing the younger school-age children the children were engaged in a number of activities. One group of children were playing with Pokémon cards while another group of children were playing with cars and a car mat that the children made. Very creative!</p> <p>Another group of younger school-age children were playing in the dramatic play room where the children were playing with little people figurines and pet shop animals.</p> <p>The older school-age children were playing outside. A group of children were playing basketball while another group of children were playing fuse ball.</p> <p>Please ensure all staff have their criminal record and vulnerable sector checks done every 5 years of employment.</p>
