General Comments
<p>A renewal inspection occurred today. The children were observed during both inside and outside play as well as lunch and quiet/nap time. Open ended art activities were also observed occurring. Two educators are in need of Professional Learning hours before the license expiration date and the Operator has a plan on how to complete these, by doing webinars. The Quality Assurance Monitor will follow up on these during a Monitoring Inspection. Educators were observed having respectful and positive interactions with the children during the inspection.</p>
