Name of Early Learning and Childcare Licensing Staff Tanya Gaudet		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p>General Comments</p> <p>Licensing staff arrived at the licensed facility to conduct the license renewal inspection for the Forest School and After School programs on March 22, 2022. When licensing staff arrived at the licensed facility, the Forest School children were still arriving for the day. The children were outside on the playground playing while waiting for all of their friends to arrive.</p> <p>Once all the children arrived for the day, each group went into their assigned warming huts to eat their snacks before heading out to the woods for their planned activities. The 3 year old group built a slack line between two trees and the children took turns balancing and jumping. Licensing staff observed the children laughing and talking about how they were balancing and jumping. The four year old group took materials out to the woods after they ate their snack. The children made wood chimes out of sticks, colourful laces, beads, bells and scrap pieces of metal, such as: keys, metal hooks and cookie cutters. The children enjoyed beading their beads and bells and other materials onto their strings.</p> <p>Once the four year old children were done making their wind chimes they engaged in a scavenger hunt! Again, licensing staff observed the children laughing and engage in finding objects to either jump over, climb, and go under.</p> <p>The educators were very engaged with the children and only positive guidance techniques were observed.</p> <p>Please ensure that sand or salt is ready to sprinkle on the walkways outdoors to maintain the safety of the children and educators. On the overnight there was freezing rain and the walkways were slippery.</p>
