General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. One Educator was observed putting chairs around the tables, sanitizing tables and preparing the attendance records while waiting for the bus to arrive. Once it was time to go outside to greet the children at the bus stop, a first aid kit and attendance records were brought outside.

Once inside the facility, the children hung up their personal belongings before washing their hands for afternoon snack. One Educator stood at the classroom door, asking each child how their weekend was as they entered the classroom. After snack, the children gathered together with an Educator to discuss their afternoon. This week's theme is "Game Week", and today the children would each be getting their own mini cloth bag to make a Tic Tac Toe set. The children lined up, packed up their personal belongings before transitioning outside. A large container of makers was brought outside for the children to use to decorate their Tic Tac Toe bags. Families were greeted as the children got picked up at the end of the day.

Only positive child guidance was observed during today's Monitoring Inspection. The Educators engaged with all the children, asking about their day, sitting and playing games with them and were attentive to their needs. Allergies were posted in the classroom, and the communication board contained all required documents. Cleaning checklists, and weekly activity planning sheets were observed.
