24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (f) daily attendance records of the children on forms provided by the Minister.	24(1)(f)	Sep 30, 2021	
Comments: Inspector noticed that some departures and absent codes are not being inserted on the forms. Times must be recorded immediately upon the child's arrival and departure, and the record must reflect all children present at any given time. If a child leaves early or is absent due to an illness absent codes must be filled out indicating the reason of the absence.			
27 An operator of a licensed facility shall obtain the written consent of a parent or guardian of a child receiving services at the licensed facility before doing any of the following: (g) transporting or providing for the transportation of the child.	27(g)	Sep 30, 2021	
Comments: 1 out of 4 child files audited during time of renewal inspection did not have the consent form giving the facility permission to provide transportation to and from school. Inspector recommends having school age parents sign new consent forms when they move from the preschool group to the school age group.
