27 An operator of a licensed facility shall obtain the written consent of a parent or guardian of a child receiving services at the licensed facility before doing any of the following: (b) permitting, in the case of illness or soiled clothing, the child to shower or bathe or showering or bathing the child.	27(b)	Aug 15, 2025	
Comments: During the review of children's files, the inspector observed that 1 out of 6 files was missing parental consent for assistance in cases of illness or soiled clothing. Each child's file must include signed consent from a parent or guardian authorizing staff to provide necessary care, such as cleaning or changing the child, in these situations.			
27 An operator of a licensed facility shall obtain the written consent of a parent or guardian of a child receiving services at the licensed facility before doing any of the following: (f) permitting the child to participate in an outing.	27(f)	Aug 15, 2025	
Comments: When the inspector arrived on site, the after-school children were on an outing at the park, as advised by the administrator. The facility presented the inspector the general consent form used for outings. However, the park the children were at was not the one indicated on the consent calendar posted by the door. The operator must ensure that the calendar is consistently kept up to date and that the parents always know where their children are at all times.
