<p>General Comments</p> <p>Monitoring inspection performed.</p> <p>*Staff track children's attendance daily. Incident reports are being documented and signed off by the parent so they are made aware.</p> <p>*Children enjoyed a science experiment today . This activity started on Monday with building a volcano out of paper mache. Today they actually participated in watching it erupt. Children were really excited and wanted to do it over and over again. Lots of interaction observed. Lots of documentation posted of children's learning stories. The educators also keep portfolios for all the children.</p> <p>fire drills are practiced.</p> <p>Operator provided staff information during my visit.</p> <p>*I discussed training requirements as per section 11 (c) (i) (ii) (A) (B) in the NB regulation by July 2020. Staff that do not have training are required to be placed on a waitlist to take the orientation to ECE and/or Intro to ECE (90hour training).</p> <p>I will follow up on the operators request for information on the 2009 policy of ECE's required to take the 30 hours curriculum training if working with 0-5 year olds.</p>
