General Comments
<p>The center is clean and bright. There are numerous plants hanging in the windows, which help give the room more of a natural feeling.</p> <p>There is plenty of positive guidance and the educators are actively engaged with the children. I observed children enjoying water play, sensory bin with corn, and sticker fun. Transitions from one activity to the next are handled very well.</p> <p>During my visit the fire alarm went off. I was able to observe the educators quickly getting the children outside to the meeting point. They followed all the proper protocols.</p> <p>Once the children were able to come back in the building it was snack time. Proper hygiene methods were observed. Hands were washed and tables were cleaned. The snack of the day was bagels with peanut butter, oranges with milk and water.</p>
