General Comments
<p>Children were getting dressed for outdoor play with I arrived. As the children were exiting the building one educator was overheard asking the children "What do we do when we get to the bottom of the stairs?" The Children replied " Stop".</p> <p>There is evidence of purposely planned activities and documentation of the children learning.</p> <p>The children participated in a variety of activities while side, marking with chalk on the black boars, digging materials out of the snow, sliding on the little hill, making food in the place kitchen and some were relaxing in the chairs.</p> <p>Positive child guidance and respectful communication between the educators and children was observed.</p> <p>Please remember monthly fire drills need to be completed and recorded.</p>
