General Comments
<p>The inspector is on site to conduct the renewal inspection.</p> <p>During the inspection, indoor and outdoor free play is observed, along with lunch and rest periods. Positive interactions are observed between the operator and the children, such as engaging with them at their level and speaking softly to them.</p> <p>The ratio is respected during the inspection; however, one school age child is not present because the inspector is on site before the child arrives in the afternoon.</p>
