General Comments

On the day of my visit the children were playing outside except the 4's who had already been out at 8:30 this morning. Its really great that the centre has a dryer and dries the children's mitten and snowsuits after outside play.

The 4 year old room really uses the NB Curriculum well and the environment is the third teacher. They were webbing the environment and have adopted a sea turtle and are currently investigating the oceans and animals, which has led to the subject of pets. The SPCA is coming next week and they are collecting items to donate to help support their work.

The 2 and 3 year old classrooms look really good and the 2's are interested in animals as well and the 3's are interested in winter animals.
