General Comments

On the day of my visit the center was functioning very well. The two and Three year old group were in the outdoor play space. The children were engaged in a wide variety of activities such as the climbing structures, playing in the sand box, banging on pots and pans and other materials in the music area.

The four year old group had a wide range of invitations set up in their rooms. Some of the invitations included a leaf counting area, craft area to put leaves on trees, a glue area where a large poster is in the process of being created by the children. and in the water play area there was an invitation of ooblek.

The facility is following their menu plan. The meal today was fish sticks, rice and mixed vegetables.
