<p>General Comments</p> <p>During my visit, I observed an active program with a number of activities and materials for the children. The staff quickly attended to the children's needs and were engaged in the activities with the children. The outdoor play space is spacious and child-friendly and appears to be safe. On the day of my visit, I observed the children learning about caterpillars and butterflies and they were excited to try to grow some butterflies.</p> <p>Please replace the old posted diaper changing procedures with the new one.</p>
