| <p>General Comments</p> <ul style="list-style-type: none"> •Visit to the facility in the afternoon for the annual inspection. •Ratio was respected during the visit. <p>Observations:</p> <ul style="list-style-type: none"> •All age groups were napping when we arrived at the centre. After nap time the children ate their snack and prepared to go outside. <p>Discussion with the administrator concerning the outdoor park.</p> <ul style="list-style-type: none"> •The Little tikes play structure in the 3-4-year-old parc is missing surface protection. We recommend that this structure not be used until protective surfacing is added. •All structures are closed for the winter. There is a fence around each play structure. In the spring we recommend that the centre use their owner's manual to ensure that all play structures are properly installed according to their manual. •We recommend the centre contact their early learning consultant to increase the use of the curriculum in their daily routines. Example: webbing, learning stories, documentation of ongoing projects. •More material should be added to make zones more inviting and to expanded the children's creative play. •Facility meets requirements under the regulation, Early childhood services Act. •Recommending licensing for another year. |
