Order for Compliance	Regulation	Date to be corrected	Date corrected
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (c) staff member records that include (vii) a copy of a valid first aid certificate and a valid cardiopulmonary resuscitation certificate for each administrator and educator.	24(1)(c)(vii)	Apr 02, 2021	
Comments: One staff must update First Aid. See comment below to provide confirmation of course date. TY.			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Mar 03, 2021	Mar 03, 2021
Comments: Deficiency is now compliant			

<p>General Comments</p> <p>Monitoring visit performed. Covid guidelines are being followed, screening completed, and daily log sheets are completed for contact tracing. As per discussed with the Administrator - toxic products must be stored locked at all times. It was recommended that the cleaning supplies stored in a closet in the back classroom be stored in the instructors office as this room is locked during operating hours. One staff needs to renew first aid course that just expired. Please make arrangements and email me the confirmation date There are always more than enough staff on site, so it is recommended that staff without First Aid should not be left alone with children. Thank you. I emailed a copy of the latest SD check form to use when renewing the checks every 5 years. Today's activities - children were indoors this AM due to the windchill. They are enjoying the Exercise/Balance ball activity. Normally this facility is outside due to the physical nature of the program and during the March Break. Hopefully the weather will break and temps will permit some outdoor time today. If so, the plan is to go for a walk at Odell Park. Children are treated with respect and kindness - gentle reminders about how to stay safe while participating in active play opportunities. Educators are safety conscious for all activities. and lots of interaction taking place.</p>
