Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival, the children were outside engaged in active games. In one section of the outdoor play area, children were playing a game of fishes and whales. The Educator informed Licensing Staff once the children got tagged, the children moved over to the other section and played X Tag. Several water breaks were observed.

This week the theme is Survivor. Throughout the morning the children were engaged in a variety of active games. The Educators were attentive to the needs of the children. As the children lost interest, the Educator gathered everyone together to start a new activity. The children paired up and were observed doing races before breaking into two teams for a round of capture the flag. Once the game was finished, the children lined up against the building before transitioning inside for morning snack. As they entered the facility, the children put their indoor shoes on, washed their hands and chose a room to have snack in. After snack, the Educator divided the children into 4 groups. Each group was given a piece of Bristol Board, markers and stickers. Each group had to come up with a team name and decorate their Board.

Only positive child guidance was observed during today's Monitoring Inspection. The Educators were attentive and engaged with the children in the activities. Attendance records, fire drills and outdoor maintenance checklists were reviewed and were up to date. Allergies were posted in the kitchenette area, and the posting board contained all required documents.
