Address 4347 Loch Lomond Road Saint John NB E2N 1C8			
Name of Early Learning and Childcare Licensing Staff Amanda Wills		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

A Monitoring Inspection occurred September 11, 2025

The children were observed engaging in a variety of activities across both indoor and outdoor environments, including the transition from the school bus into the facility and then outdoors.

Indoors, children participated in water play, drawing, building with LEGO, playing with Barbie dolls, making kites, and enjoying snack time.

Outdoors, children were observed using the swings and monkey bars, searching for grasshoppers, and skipping.

Educators demonstrated positive interactions by using encouraging language and gentle reminders. They asked open-ended questions, listened actively, and extended children's ideas through conversations.

All classrooms were thoughtfully arranged with materials that invited children to play. Several forms of documentation were visible indoors, including learning stories and children's artwork.

A clearly visible and prominent area was designated for posting the facility's license, current monitoring reports, and any orders for compliance. Additional documentation observed included incident logs, daily attendance records, and records of evacuation and monthly fire drills.

A conversation took place with the administrator regarding the following:

Sections of the black barrier at the bottom of the fence are broken. To be repaired or removed.

Sections of the fencing have become detached at the bottom. To be repaired.

Pieces of wood splitting around the outside of the stationary equipment. To be removed.

The administrator confirmed that a work order has been submitted for maintenance.
