### General Comments

On the day of my visit the program was functioning very well. The staff were very well organized and all Covid-19 procedures were being followed correctly. At the same time the staff were able to keep the children happily occupied and the group seemed content.

Some of the shelving has been moved around and it will need to be attached to the wall so that it can't fall on a child. The children's Art room looks great and the staff put a lot of effort and energy into decorating it.
