Order for Compliance	Regulation	Date to be corrected	Date corrected
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (b) child records that include: (iv) the name, address and telephone number of at least two individuals authorized by the child's parent or guardian to pick up the child and to be contacted in case of an emergency if the parent or guardian cannot be reached,	24(1)(b)(iv)	Oct 18, 2021	
Comments: Please ensure that each file has the full address for 2 local emergency contacts			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Oct 15, 2021	
Comments: Please ensure that dishwasher tabs and cleaner is kept in the locked cabinet or add a lock to the cupboard under the sink.			
44 An operator of a licensed facility shall have a first aid kit that is equipped with the contents prescribed by New Brunswick Regulation 2004-130 under the Occupational Health and Safety Act as a first aid kit that is not a personal, Type P first aid kit, and a telephone in working order (c) on each outing.	44(c)	Oct 15, 2021	
Comments: Please ensure that when walking to get the children from school, that the educator takes a first aid kit in case of emergency en route.			

General Comments
<p>On the day of my visit, children enjoyed outside time as soon as they arrived at the centre. Some children arrived by the Preschool Centre Bus and others walked over with an educator. Educators use pylons and rope to create a boundary for the children to play on the pavement. Children enjoyed riding plasma cars and playing basketball.</p> <p>When walking to get children from school, please take a first aid kit with you in case of emergency. This could be in a backpack along with the cellphone and clipboard with attendance and emergency contacts for children.</p> <p>I noticed dishwasher tabs and cleaner underneath the sink in the kitchen. These must be kept in the other cupboards that are locked or a lock added to that cupboard.</p>

General Comments

The facility is set up so that each room has a different set of resources and materials. The main area is set up as the "diner" and has tables and a sign that says "Grandame Diner" along with baskets with fruit and crackers. Each table has a table cloth (Halloween themed at the moment) and there is a table with dishes and toasters. This is an interesting set up that is unique and makes it very inviting.

There is an art room where children have created their own art room rules. There are other rooms such as a game room and each room is organized and has a variety of materials for the children to access.

I observed positive child guidance and educators were engaged with the children. During snack, an educator did Halloween Trivia with the children. The children really enjoyed this! Children also had the opportunity to share what they were going to do on the weekend.

Please review your child files to ensure that all information is complete- the full address for two local contacts that can be at the centre within 1 hour in case of emergency, the address and phone number of the child's medical practitioner, and all consents.

All covid protocols are being implemented and followed. Children sanitized and washed hands throughout my visit at all required times.
