<p>General Comments</p> <p>The center has a variety of materials for the children. The children seem to be aware of the daily routines. I observed positive interactions between the operator and the children, and the operator took time to play with, and to teach, the children.</p> <p>There is documentation of the children's learning on the walls, and please continue to build on the program using the N.B. curriculum.</p> <p>Please also post Nancy Glendenning, Quality Assurance Monitor, to your postings on the wall.
