The operator has added an old microwave to the outdoor play environment which is currently sitting on a table. Although a great addition It could potentially fall off the table onto a child and therefore needs to be secured. Also, please ensure that the grass remains cut and walkways are clear of objects. All entrances to house need to clear due to fire exits.

General Comments

Likewise, the indoor play environment has many learning centres set up for the children. Operator engages with children by reading, playing and speaking with them at their level.
