General Comments

A Monitoring Inspection was conducted this morning. Children were observed during outside play and during the transition to lunch time.

Infants – Two children were napping during this morning's inspection. Three children were observed on the infant deck, playing with push / pull toys, a teeter totter, and balls. A baby swing was observed hanging above the deck. A conversation was had with administrator about adding protective surfacing under the swing, while in use. Infant room was observed. Art supplies were observed and they were accessible to the children. A white board and chalk board was observed and educators stated that the children have been enjoying both activities. Several forms of documentation were observed, including learning story boxes! Educators stated that the children enjoy the learning story boxes, as they can pick them up, move them, look at the pictures, etc. Attendance records and daily logs were observed and were accurate.

Tots – The tot's room was observed while the children were outside. Several books were observed, and they were displayed at the children's level. Educator stated that the children are presently interested in books. Several forms of documentation were observed, including a hanging string, with attached learning stories with photos. Several well-defined learning / play centers were observed – building, books, arts & crafts, and dramatic play. Children were observed transitioning to inside play / preparing for lunch. Educators were observed taking the children to the bathroom for diaper changes and hand washing, before lunch. A conversation was had with administrator regarding the diaper changing procedures document. This document is required in all diaper changing areas.

2's Room – Children were observed transitioning to inside play / preparing for lunch. Educators stated that the children are presently interested in filling / dumping activities, trucks, and farm animals. A conversation was had

General Comments
with administrator regarding some paint touch ups / cleaning that should be completed within the 2's room. 3's Room – The 3's room was observed while the children were outside. A large art display was observed on the back wall. It was evident that the children are very interested in art. Art materials were plentiful and accessible to the children. Several well-defined learning / play centers were observed throughout the room. Educator stated that the children are presently interested in arts and crafts, and the book "We're Going on a Bear Hunt". Children were observed outside, playing on the playground. 4/5 Room – The preschool room was observed while the children were outside. Several well-defined learning / play centers were observed throughout the room. Children were observed outside, playing on the playground. A conversation was had with administrator regarding appropriate supervision, and how some educators may require a reminder, to be more involved when supervising outdoor play.
