General Comments
<ul style="list-style-type: none"> <li>- Ratio was respected during the visit.</li> <li>- Key lock needs to be put onto the cabinet where the toxic products are stored, currently a child lock is in place but it needs to be a key lock.</li> <li>- The door knob on the back door is broken, operator called contractor, he will come and fix it tomorrow. They will be using the parc next to their facility until the door is fixed.</li> <li>- Educators facilitate children's learning by engaging in play and asking open-ended questions. Evidence of purposefully learning about the children's interest in all rooms - webs, photos learning stories. During the visit I witness an invitation that was created with water play, the children loved it!</li> </ul>
