### General Comments

- Visit done at the facility in the morning for a monitoring inspection.
- Ratio was maintained during the visit.
- During the visit the facility used positive child guidance.
- Medication records are kept for each child when medication is administered.
- Parents of the children present at the centre are granted entry at any time.
- Indoor play area is maintained safe and clean.
- Medication is stored in a locked space and inaccessible to the children.
- Observations: Upon my arrival the children were preparing to go outside to play.
- Discussion with the administrator concerning the new staff. The new staff member is not to open, close the centre until the CPR training has been completed or be alone with a group of children. Discussion on the renewal of the licence and the indoor play environment. Recommendation that more material be added to the zones.
