**General Comments**

Quality Assurance Monitor observed the following items: Visible Postings, Child Records, Indoor play area, materials and equipment, Personal belongings, and medications.

During the inspection the QAM observed children in various free play activities in various rooms, using indirect supervision. One group was creating with blocks, others were engaged in dramatic play, and art. Children then washed hands and collected lunch bags and began their lunches.

QAM discussed the coming renewal period with the Administrator on-site. The floor plans and measurements were discussed as each room in the center is approved for a certain number of children. QAM to send measurement forms to Admin to review.

Administrator to create emergency plan for child as discussed.

Administrator advised that the center is now using the Hands on Learning van as well as the bus.

QAM reviewed 5 child files during the inspection; all are in compliance at this time.

Ratio is in compliance at the time of inspection.
