Comments: One storage bin was empty, while the other bin had a few scooters in it. There was one rubber maid container with a few items for the sandpile. There were no balls for the children to use. The one that was used, belonged to one of the children. There were only a few materials for the children to use in the sandpile.			

General Comments

The summer activities have been planned and materials purchased for the weekly themes. The weekly themes are Our Frozen Worlds, Jungles, Coastal Seas, Grasslands, Olympics, Freshwater, Forests and Our people. One room has been set up with all the materials and lesson plans for each theme neatly organized on the table. After snack time the children went outside. The children participated in a range of activities while outside such as, " Fish and Whale Game", building a fort in the climbing structure, soccer, digging in the sandpile, bubbles and a "four corner" ball game.

The educators were observed kneeling and sitting with the children as they talked to them. The educators were patient and had a calming tone when speaking to the children when they needed to intervene with some issues the children were having.

Licensing staff also observed the children complimenting each other and giving each other "high fives" as they were playing.
