Name of Early Learning and Childcare Licensing Staff Lindsay Lewis		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Licensing staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival, all Educators were waiting by the road for the bus to drop the children off. Once the bus arrived, the children got in line with their Educator and attendance was taken. The older group dropped their bookbags outside and were the first group to wash hands for lunch. All groups were observed washing their hands before having a picnic outside.

The Educators had brought out several activities for when the children had finished lunch. Some children chose to make fossils out of clay, a small group was observed making different animal keychains with beads and others were seen reading and playing Trouble. A small group gathered to play a game of soccer at the back of the outdoor play area. There was a large variety of activities and materials for the children. As they lost interest in one activity, they easily found something new to engage in. The flow of the afternoon was smooth and organized.

All Educators were engaged with the children and positive child guidance was observed. The transition from hand washing to lunch was difficult, an Educator was seen going to the back of the line and was able to re-direct the children through positive child guidance. "Look, I'm in a square in line! Can you guys find a square in line too?". Attendance is being tracked and allergies were posted on the Parent Board and in each classroom.
