General Comments
<p>On the day of my visit the center was functioning very well especially considering that January the 6th was the first day in their new premises. Everything looks beautiful and the classrooms all have a bathroom, dimmer switches on the lights, slip proof tiles, sufficient storage and lots of natural light. The environment is now the third teacher in accordance with the New Brunswick Curriculum.</p> <p>The center is much more peaceful as the construction also took sound proofing into account and the classrooms and hallways are much quieter.</p>
