General Comments
<p>Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival, all classes were in the process of waking up from nap time.</p> <p>In all of classrooms, the transition from nap to afternoon snack, was smooth. Proper hand washing was observed, tables were cleaned, and the floors were swept after snack. The Educators sat with the children during snack time and were engaged in the conversations. In one class, an Educator was observed playing dress up with the children who had finished snack, while the other Educator sat with the children who were still eating. In the Infant Room, the Educator sat with the children offering praise and encouraging words as the children completed a wooden puzzle. "Good job, you did it!" "Would you like to try too?". The Educators were attentive to the children's needs and were seen offering hugs, laughing and smiling with the children.</p> <p>All classrooms are bright, clean and organized. The rooms had soft music playing and the walls displayed family trees and learning stories. In one of the Infant Rooms a child's art was displayed and the Educators had added quotes from the child around the art. Please ensure that all cleaning checklists are being filled out.</p>
