<p>General Comments</p> <p>A monitoring inspection was conducted today. Children were observed in both inside and outside play and it is evident that outside play is part of their normal daily routine.</p> <p>Children's art is beautifully displayed in frames on the wall, low for them to revisit and for their parents to see when they pick up their child at the end of the day. Pictures are displayed depicting the children's day in both inside and outside play and learning.</p> <p>Children are currently interested in cars/driving. The environment is set up with a track to drive on, gas station for refueling, reserved parking and a no parking zone.</p> <p>Many positive interactions were observed during visit and children appeared happy and content in their environment.</p> <p>Hand-washing after outside play was observed and it is evident it is part of the normal daily routine.</p> <p>Updates for your parent board: Quality Assurance Monitor: Jodi Hennessey 643-7999.
