General Comments
Visit to facility for regular monitoring inspection during COVID-19 period. Ratio was respected during visit. Reviewed COVID-19 guidelines and procedures with the operator. Discussed screening, logs, drop-off and pick-up and cleaning schedules. Discussed material use and encouraged facility to re-introduce items that had been previously put away due to COVID-19. Parent board is in place. Observations: Educators were going outside for a walk with children upon my arrival. Children are also choosing projects they would like to work on, the projects are displayed throughout the facility.
