Comments: Three staff members are presently registered for the 90hr course and will start in December 2021.			

General Comments
<p>Visit to facility for annual inspection visit. Ratio was respected during visit,</p> <p>Cleaning products and area for medication were out of reach and under child locks. Operator was asked to add a lock and key to those cabinets or move the cleaning products to a locked area.</p> <p>Reminder to complete fire drill for the month of June 2021.</p> <p>Medical practitioner information was incomplete in two files, operator was asked to have these completed. Also discussed with operator having two emergency contacts for all children and adding the full addresses of these emergency contacts.</p> <p>Observations: Children were playing in the outdoor play area when I arrived, some were coloring, some were playing kitchen and baking cookies with rocks and others looked for treasures in the sand. The children are presently interested in a birds nest that was recently made by a bird in their outdoor play area. The educator shared that their upcoming activities will be all about birds. The children had snack outside, all came in to use the restroom, then went on a walk to visit the cows. Documentation is visible throughout the facility on the walls and in the children's portfolio's.</p> <p>The facility meets requirements under the Act and regulations, recommending license for another year.</p>
