Comments:			

<p>General Comments</p> <ul style="list-style-type: none"> - Visit to the facility for a monitoring inspection. - Ratio was respected during the visit. - When an on-going medication treatment is given to a child, medication must be into the original manufacturer's container or the original prescription label. Appendix 6, into the operator's manual must be filled by the parent. Once the appendix is filled a picture will be sent to the QAM. - Daily incident log is maintained; parents are advised of the incident and signs the daily log. - Educators were engaged with children during activities. - Employee files must have all the required documents, once the SD check for a new employee is received a copy will be sent to the QAM. The educator cannot be on site before the SD check is received. - Fire drills, outdoor checklist and first aid supplies checks are done monthly. - First aid certificate is up to date for all employees. - Learning stories posted highlights children's recent learning and interests. - Children's guidance is done a respectful and positive way. - Indoor space provides a variety of materials that are at the children level, the zones are welcoming and inviting for children to play and create. <p>Observations: During the visit, children were into free play, the two's and infants were napping. All children were having snack when I was leaving.</p>
