General Comments

- Visit to the facility for a regular spot check
- Ratio was respected during the visit
- Operator is notified by the parent the reason why the child is absent, whether it's sickness or another reason
- When a child who becomes ill, he/she is supervised and separated from the other children. That child is to be picked up within one hour of notification to parents.
- Management of potential illness forms are completed as required, discussion and explanation with the operator on appendix 11 & 12 in the operator's manual.
- Parents are advised when a child has a communicable disease or illness, center does use the notice of illness form (appendix 13, in the operator's manual)
- We also talk about the importance to give all parents the appendix 14-Managing illness in ELC facilities- parent's/guardian's role.
- A complete first-aid kit and a phone are always accessible on site and on outings.
- No hot beverage was found in the children's indoor and outdoor play area
- Each child has an easily accessible space for personal belongings, which is labeled with the name of the child and used only for the intended child.
- Learning stories posted highlights children's recent learning and interests, they are presently working on
- Discussion with the educators on different alternatives on guidance of the children, solutions were brought up and staff feels confident that they are on the right track.
- The administrator and educators have a valid first aid certificate and a valid CPR certificate
- More than 50% of the staff has their ECE certificate or the equivalent
- The gate way to the outside space is clear and the door opens and closes and does provide children an enclosed space to play all year long.

Observations: When arriving at the center, children were into free play. One group was in one room playing with playdoh while another was exploring with different kind of connect blocs. Children cleaned up and add snacks and they went outside to play, children were sliding and rolling down the hill.
