General Comments

-Morning visit at the center for an unexpected monitoring inspection
-Ratio was respected during the visit
-Indoor environment provides for children a space that is safe and clean. The material is varied and in sufficient quantity for all children present, easily accessible on low, open shelves.
-Toxic products, and cleaning supplies are locked and inaccessible to children
-All staff files have the required documents.
-All employees have a valid first aid certificate
-Children's guidance is done in a respectful and positive way
-Daily routine into the center includes; Outdoor play time at least once every 4 hour block time when the weather is permitting. Meal and snacks are served at the recognized hours, there is no nap time at the center since children are leaving at noon.
- Documentation of children's learning and interest are posted in the staircase, the main room, and the entrance. They are growing a garden; documentation shows the changes happening.

Observations: When arriving at the center children are in a free play period, some were coloring, others were using plasma cars and rolling around in the room, while a group was working on tracing letters and different shapes. After cleaning up the room, they had snacks and got all ready to go play outside. Outside, the children were mostly playing with natural material such as; sticks, running down the hill, climbing tree's and playing sharks in the water...etc.
