General Comments

Visit to facility to complete annual inspection. Ratio was respected at time of visit. Upon arrival, all of the children were outside playing in the outdoor play area. All children came in, cleaned up and had lunch. After lunch the infants and some preschool children had a nap while other preschool children engaged in free play and outdoor play. Various types of documentation are present in each room that display the children's interests and what they are learning. Facility meets requirements under the Act and regulations; license will be recommended for another year.
