Comments: Deficiency is now compliant			

General Comments
A Monitoring Inspection was completed this morning. The purpose of today's visit was to remeasure and to discuss preschool spaces, as per operator's request. 3-year-olds attend Tuesday and Thursday mornings. 4-year-olds attend Monday, Wednesday, and Friday mornings. Each day, children are split in groups, one group upstairs and one downstairs. A change will be made in AMANDA to indicate 30 preschool spaces. There was a system error, therefore, the addition of these 9 preschool spaces, are not new spaces. The upstairs has recently been painted. Operator stated that the downstairs area will be re-painted over the next couple of weeks, to enhance the brightness of the overall learning environment. Children were observed playing Connect 4 and taking part in Halloween themed arts and crafts.
