General Comments
<p>A Monitoring Inspection occurred today on April 17, 2024 in the morning.</p> <p>Upstairs: Upon arrival the children were engaged in free play activities related to their current interest of sea animals and the ocean, a group of children were engaged in reading fact books about sea creatures. Children were also building with foam blocks and pretending to be sharks in the building center. The art materials supplied on low shelves were well stocked with a variety of materials and children were observed making art with stickers, markers and scissors.</p> <p>Downstairs: The children were engaged in a group card game activity and Play-Doh with cookie cutters. The educators were engaged in play with the children and in cleaning tables upon arrival. The children's interest in Spring was displayed throughout the room and a biology experiment was in progress, sprouting beans in mini greenhouses taped to the window. The children were also observed in a painting activity, finishing a clay candleholder project.</p> <p>Well defined learning / play areas were observed on both floors, and several pieces of the children's artwork were displayed throughout the facility.</p>
