<p>General Comments</p> <p>Monitoring inspection completed today. Children were observed in the outdoor play environment. Children engaged in cooperative and solitary play with ezroller bikes, and a ball catching game. A variety of other materials including plasma cars, chalk, basketball nets, balls, soccer/ hockey net and frisbees were also accessible and available.</p> <p>The indoor play environment is purposefully planned with an abundance of materials that provide choice for children to engage with. Clearly defined interest centres, with materials neatly displayed and inviting creates a welcoming environment for the children.</p> <p>Fire drill records and playground checklist were checked and were noted to be complete.</p> <p>Have a great summer!</p>
